

## PRA-1158

### 1U Rackmount 8-Port KVM Switch with 15" LCD Display

PRA-1158, is an 1U 8-port KVM drawer with 15" LCD display. Designed for 19" rackmount cabinets in a convenient drawer form, it is the most ideal solution to maximize usable cabinet space. The monitor keyboard unit has a built-in slide rail and mounts easily onto any 19" cabinet.

By handling all the different tasks without moving around, you can operate multiple systems via one single drawer. The digital control and on-screen display adjustment help system administrators access the system more efficiently than ever. They no longer need to jump from one system to another for their daily duties.
