

Network Communication Products

Network Communication Server

CN2500 Async Server

Multi-Functional 10/100 Mbps Communication Server

- 4/8/16 RS-232 ports with dedicated Tx/Rx LED indicators
- LAN-to-Async connectivity
- One 10/100 Mbps LAN interface with link/data transfer LED indicators
- Windows NT Real COM port driver
- MOXA ASPP programming tool for cross-platform async device control over TCP/IP network
- UNIX Fixed tty program for terminal access security
- Remote access service and RIP-1/2 routing

ORDERING INFORMATION

CN2516	16 port 10/100 Mbps Async/comm Server
CN2508	8 port 10/100 Mbps Async/comm Server
CN2504	4 port 10/100 Mbps Async/comm Server
All items include	* Network Communication CD-Rom * User's manual * One CN20030 and one CN20040 cable

Optional Accessories

CN20030	150 cm RJ45 to female DB25 RS-232 (DCE) cable
CN20040	150 cm RJ45 to male DB25 RS-232 (DTE) cable
A52	Smart RS-232 to RS-422/RS-485 bi-directional converter
A53	Smart RS-232 to RS-422/RS-485 bi-directional converter, supports optical isolation protection (2 KV)

Network Serial Device Server

NPort Express

Make Your Serial Device Internet Ready

- 1 RS-232 to Ethernet port
- Compact size
- Auto-detecting 10/100 Mbps Ethernet
- 3-in-1 interface supports
- RS-232/422/485
- Supports all Windows Native COMs and Linux fixed tty drivers
- Complete Ethernet and TCP/IP protocol

ORDERING INFORMATION

DE-311 / 10V / 230V	1-port RS-232 device server, 10/100M Ethernet, Manual included.
---------------------	---

Advantages/Benefits

- Turn any serial device into a network device instantly
- Easy integration with any type of serial device
- Preserve your investment by instantly tuning serial devices into Internet devices that run on your existing software
- Extremely low transition cost

ORDERING INFORMATION

DE-301/110V	1 port RS-232 device server
DE-301/230V	1 port RS-232 device server
DE-302/110V	2 port RS-232 device server
DE-302/230V	2 port RS-232 device server
DE-304/110V	4 port RS-232 device server
DE-304/230V	4 port RS-232 device server
DE-331/110V	1 port RS-422/485 device server
DE-331/230V	1 port RS-422/485 device server
DE-332/110V	2 port RS-422/485 device server
DE-332/230V	2 port RS-422/485 device server
DE-334/110V	4 port RS-422/485 device server
DE-334/230V	4 port RS-422/485 device server
All items include	* Windows NT, Windows 95/98, UNIX drivers and manual * MOXA PComm Pro CD (professional serial comm development tool) * 10/100 Mbps cross-over Ethernet cable * Power Adapter

NPort Server Lite

Easy-to-Use, Industrial Serial Device Server for Distributed Applications

- Add 1/2/4 RS-232 or RS-422/485 ports to a Windows NT/95/98/2000 host
- Supports all Windows native COMs and Linux fixed tty drivers
- Automatic network connection recovery
- Built-in human machine LCD interface
- Auto-detecting 10/100 Mbps Ethernet interface
- DIN rail mounting rack; surge protection for all ports (15 KV ESD)

Optional Accessories

A52	Smart RS-232 to RS-422/485 Bi-Directional Converter
A53	Smart RS-232 to RS-422/485 Bi-Directional Converter, supports optical isolation protection (2 KV)
