

➤ MOPSlcdGX1

- Embedded fanless 300 MHz processor
- DUAL LAN and CompactFlash
- Graphics already on-chip

Product Overview

The **MOPSlcdGX1** fits perfectly within the MOPS-PC/104-family. It is a new PC/104 with the new Geode™ GX1 running at FANLESS 300MHz. Graphic is already on chip.

New applications can be run due to the onboard CompactFlash™ socket and Dual 10/100 MBit Ethernet.

Further standard features of the **MOPSlcdGX1** are 2xUSB, 2xCOM, and PS/2-mouse.

With the standard JILI-Interface 18-Bit TFT-displays can easily be attached. There are already various off-the-shelf panel-solutions available.

The **MOPSlcdGX1** comes as an embedded communication device with DUAL 10/100 MBit Ethernet. This board is recommended for industrial visualisation- and communication-tasks. Together with the firmly lockable chipDISK (32 to 256 MByte IDE-Flash) or with CompactFlash™ cards a highly reliable PC-system in small PC/104 format emerges - suited even for rough & rugged industrial applications.

All MOPS PC/104 provide the same pinout for keyboard, COM1 and COM2, 44pin IDE, LPT as well as 1st LAN. This is the common MOPS-family feature, which easens the upgradeability enormously within the Kontron PC/104-products.

...always a Jump ahead!

Technical Data

- **PC/104 industrial standard**
- **CPU:** Geode™ GX1, fanless 300 MHz and on-chip graphics on CS5530 companion chip
- **DRAM:** SDRAM - SODIMM socket up to 256 MByte
- **IDE Flash:** with chipDISK extendable up to 256 MByte
- **CompactFlash Socket:** Type I
- **10/100 BaseT LAN** 2x
- **IDE harddisk interface** ✓
- **RS232C** 2x
- **USB** 2x
- **LAN boot** ✓
- **Floppy Disk interface** ✓
- **Printer interface** ✓
- **Keyboard interface** ✓
- **PS/2 interface** ✓
- **Watchdog** ✓
- **Real Time Clock** ✓
- **Dimensions:** 96 x 90 mm (3.8x3.6")
- **Power Consumption:** 5V only, 1.2A
- **Plug compatible to other MOPS PC/104 and therefore exchangeable**
- **Temperature:** operation: 0° to 60°C
storage: -10° to 85°C
- **Humidity:** operation: 10% to 90%
storage: 5% to 95%
(non condensing)
