Network Security Appliance

High Performance Intel® Dual Core/Quad Core Xeon® Network Appliance w/ 4 PCI-E GbE Ports

1 Motherboards
2 Disk-Size SBCs
3 CPU Modules
4 PC/104 Plus
5 CPU Card
6 Embedded Systems
7 Network Security Appliance

FWA9300

Features

- Supports Intel® Dual Core / Quad Core Xeon® processors
- 6x DDR2 DIMM sockets for up to 48GB memory
- Onboard Intel® Gigabit LAN with 4x RJ-45 interfaces
- Supports 2x swappable 3.5" SAS or SATA hard disk drives
- 16x2 LCM for ease of control and operation
- IPMI 2.0 compliant

Specifications

CPU	2x Intel® Dual Core/Quad Core Xeon® 5000 series processors
Chipset	Intel® 5100, Intel® ICH9R I/O Controller Hub
Memory	6x DDR2 DIMM sockets, support ECC registered 533MHz/667MHz, up to 48GB
Network	Intel® 82571 dual Gigabit LAN Intel® 82575 dual Gigabit LAN
Expansion Slot	2x PCI-E (x8) expansion slot
Storage	2x swappable 3.5" SAS or SATA HDD drive bays
USB	2x USB 2.0 ports on front panel Optional 1x USB 2.0 ports on rear panel
VGA	Optional on rear panel by pin header with ASPEED AST2050 integrated VGA
COM	1x COM port on front panel with console redirection
LCM	2x16 characters LCM module
IPMI	IPMI 2.0 compatible
Power Supply	Full range ATX 500W Redundant 1+1
Dimensions	430mm(W) x 500mm (D) x 88mm (H)

Environmental

Operating Temperature	0 ~ 45°C
Storage Temperature	-20 ~ 70°C
Operating Humidity	5 ~ 95%
Certification	CE/FCC

Ordering Information

FWA9300	2U Rackmount High Performance Intel® 5100 PCI-E Network Security Appliance
